

## **By road from Johannesburg (when the Limpopo River is LOW)**

- Route via Zanzibar: Follow the N1 north from Johannesburg towards and past Pretoria and then in the direction of Polokwane.
- You will exit the N1 at the turnoff for Mokopane / N11 – far before Polokwane.
- At the toll gate signposted Mokopane / N11 make sure you go through the left-most channel to take the N11 to Mokopane.
- This is the last sizable town before the Reserve so stock up on snacks, water and fuel (note that there is a fuel station at the Reserve for the trip home).
- Follow the N11 for approximately 126km to Baltimore, then turn right onto the R561 which you follow for 36km before it becomes a dirt road and another 32km before you turn right on the R572 (tar road towards Alldays).
- You will pass 3 baobab trees on the right hand side, and 500m meters later turn left on the dirt road towards Zanzibar.
- Another 17km on take the left turn to Zanzibar, to arrive at Zanzibar border post 6km later, on your right hand side.
- Once across the border post and the Limpopo River turn right (east) onto the dirt road and the gate to the Reserve will be in front of you.
- You will know you have arrived at the Reserve because of the closed gates, which will be opened for you by a ranger.
- Once you enter the gate to the Reserve, ask the guard to tell the Lodge that you have arrived and continue along the dirt access road until you see a sign for Limpopo-Lipadi to the right – you can't miss it because its the only sign and its a km or so after the gate.
- Take the right turn and follow that road and the signs until you get to a closed gate (the Shareholder Gate) – where you will be met and escorted to River Camp.

**Please drive slowly in the Reserve as you never know what animals you may encounter.**
